## Empost services available in all post offices in UAE

The services of Empost, the national courier company, are now available in all post offices across the UAE. All post offices are offering a wide range of Empost services through postal counters, including domestic and international courier services.

Mr. Fahad Eisa Al-Hosani, Acting President of Emirates Post Group, said, 'This arrangement is part of the Strategic Plan of all EPG's units, including Empost. The plan seeks to make each unit efficient and more profitable, with enhanced customer service standards and under modern management principles.'

'We believe this move will present new growth opportunities for Empost and raise its profile in the domestic and international markets, and thus help it emerge as a strong player in the courier and related segments,' Al Hosani added.

Mr. Al-Hosani said, 'As the national courier company, Empost has grown by leaps and bounds over the past few years, keeping pace with the dynamic economic growth of the UAE.'

'The access to Emirates Post offices for cross-selling Empost products provides the national courier company a key platform to take its services to a wider customer base through a network of over 120 post offices,' he added.
